

TUFF TAPE

- The Tuff Tape is available in 35m and 65M lengths
- Available complete with 3:1 Gear mechanism for quick winding or as a “Blade Only” 5 pack without the winding mechanism
- The easy to read Tuff Tape has a double sided blade with extra large, easy to read markings at 100mm intervals

- The measurement markings on the blade are printed for reading from above - No more turning your head when dipping a hole
- The blade is made from heavy duty reinforced materials with a clear coat to resist print “rub off” from ANFO / Emulsion
- The loop at the end of the blade is reinforced to reduce breaking from the strain of the dipping weight A “Tuff Tape” innovated for Mining, Drill & Blast
